RE: Public Notice Provisions/Senate Bill 91-33

We'd like to use the occasion of the New Year to re-brief us on practices that will foster good governance discipline, will well serve our constituents, and will keep us out of legal jeopardy. We are available to meet to discuss any of these issues at your convenience. Please be reminded of the information below.

Remember, in addition to any other means of full and timely notice of your meetings, you will be deemed to have given notice if a notice is posted in a designated public place within the boundaries of the County no less than 24 hours prior to holding the meeting. This public place for posting notices must be formally redesignated annually at the local public body's first regular meeting of each calendar year. (NOTE: The Board of County Commissioners has designated the bulletin board outside the BOCC meeting room for BOCC notice.)
